

The Mughal scarf

Hi my name is Nazia Aziz (4z_artisans my insta i.d). This is my first ever crochet scarf that I have created and have written the pattern as well. I live in Lahore, a city of Pakistan having rich historical culture and its Mughal architecture has always inspired me, therefore I tried to incorporate its geometrical designs in to my design.

(**Motif 1**)

Attaching motifs together

Motifs can be attached either by needle or by crochet as we crochet along the scarf in to that particular shape that we want.

Attaching motifs using crochet hook

Pictures are attached to make it more clearer

If you choose to attach the motifs by crochet then attach them during row 3.

1. After completing one motif (**motif 1**)start another motif (**motif 2**) till row 2 then on row 3 make two picot section then complete the second corner and make chain 4 on front post of bpdc from row 2 and make fptr on next bpdc of row 2 make one chain and attach the **motif 1** by slip stitch. Chain 1 and slip st, in to the first chain.

2. Make 4 chains and slip st in front post of next bpdc from row 2
3. 2bpsc in to next 2 sts
4. 1sc 1chain in to chain space of row 2

5. Sl st in to the corner chain space of motif 1
6. 1sc in to the corner space of motif 2

7. Repeat the same pattern as you go along her you with the joining of motifs

8. Same method will be done either you want to make rectangle shape , triangle shape or any other shape..Choice is yours.

Note

If you don't feel comfortable in attaching motifs by crochet hook, you may use needle . same result will be attained.

Border (edging)

Adding a border or edging will give a finished look to the design. Therefore I added a simple edging to it that enhanced the geometric design of my mughal scarf

I have used color A for the edging.

Attach the yarn in to any corner make sc 2 chains sc .then make 8 chains and slip stitch in to the corner space of made in last row. Then chain 8 and sc in the joining of two motif 2 chains and sc in to the same stitch. Repeat the pattern till we get to the spot where two triangles are meeting together (pic C) chain 8 sc in to the joining stitch , 2 chains and sc in to the same stitch.

Repeat the same pattern for the complete scarf

Tassels

You can add tassels or fringes of your choice.

Complete look

To give it more chic look I have attached a button on front panel along with the hook. Again its up to your choice you want to add it or not

I hope you have enjoyed working on my deisgn. Feel free to ask any question.
